Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off. The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the font.

It has an automatic locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

The burner body or gallery cannot become wedged, and can be quickly unscrewed for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

The Fiscal Court at its session this week received notice from E. C. Outlaw that he could not build the pike from Herndon to Lafayette at \$2,600 a mile, the contract price. He asked 15 cents per yard more and this being refused, he threw up the contract. The court then decided to build the pike with county labor and ordered the county crusher put in shape for the work.

The County Attorney was directed to take such steps as may be necessary to recover damages from the L. & N. Railroad growing out of alterations on the public roads by reason of the revision of grades, especially on the Madisonville road.

Good Dramatic Critic's in

The late Richard Mansfield always felt that he owed more to the wise discernment and staunch support of THE CHICAGO RECORD-HERALD than to any other agency, outside himself, that contributed to his ultimate triumph as an actor. Ask any disinterested observer of theatrical matters to day who is the best dramatic critic in Chicago, and ten to one he will say James O'Donnell Bennett of THE CHICAGO RECORD-HERALD. Mr. Bennett is unquestionably the leading critic in his domain in the West. He writes with a fearless fairness and a keen appreciation of real merit that makes his articles a genuine force for the betterment of the stage. His knowledge of the history and principles of dramatic art is sufficient to lend depth to his utterances, yet he has the newspaper man's knack of making his work breezy and interesting for the average man and woman. His columns are always newsworthy as well as reliable in their judgments. Any one who will follow the dramatic, musical, literary and art departments of THE CHICAGO RECORD-HERALD from season to season need have no fear about keeping abreast of all that is latest and finest in the movement of modern culture.

HARD TIMES.

Subject of Prof. H. Clay
Smith's Athenaeum
Paper.

The Athenaeum met in regular session Thursday night, at Hotel Latham. There was but one paper read and that by Prof. H. Clay Smith, his theme being "Hard Times." Prof. Smith, who is an advocate of the single tax, attributed the hard times to the low valuation of land, which he said was the basis of all property.

The paper provoked a general discussion, practically all of the members joining in and nearly all taking issue with Prof. Smith, who ably defended his position in a concluding rejoinder. Those present were:

Barksdale Hamlett,
John Stites,
A. G. Chapman,
J. W. Downer,
D. A. Clark,
W. T. Tandy,
S. Y. Trimble,

L. E. Foster,
R. F. McDaniel,
H. W. Linton,
Dr. T. W. Blakey,

Dr. H. P. Sights, Superintendent of the Western Kentucky Asylum, was elected to the only vacancy in the membership, which is now at the constitutional limit of 30.

The meeting was one of unusual interest and did not adjourn until 11 o'clock.
